

BE THE MATCH REGISTRY EVENT

YOU COULD BE THE CURE

Meet Camille! She is a 21 year old living with Diamond Blackfan Anemia. This disease causes the body to not produce enough red blood cells, which makes Camille feel extremely fatigued. In order for her to cure her disease, she will need a bone marrow transplant. Currently, she has no matches on the Be The Match Registry®.

Date: 8/31/19

Time: 12:00- 3:00pm

**Location: TD Family Dentistry-
22167 Westheimer Parkway
Suite 110, Katy, TX 77450**
